ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

We are authorized to announce FELIX BOWMAN as a candidate for County Court Clerk, subject to the action of the Republican party.

The friends of Hon. R. H. Tomlinson, and they are many, are urging his claims for delegate from the 8 District to the National Democratic convention, and they feel that he ought to win. His ability, his allegiance to his party and his able advocacy of its principles make him the right man for the place. Besides this, he and Garraud county have helped other counties in the District to land Judicial, Congressional and State offices and they think that those counties should help Garraud county, anyway.—Lancaster Record.

The Democratic State Convention is called to meet at Lexington on June 11th, the county conventions to meet on June 6th. Whether the selection of Lexington over Louisville as the place for holding the State Convention is a victory for Beckham or not, is not the most vital question, but the State for Bryan at the November election is the thing for which Democrats should fight.

Col. John G. Mathews has done his do and in a letter charging machine rule, withdraws from the race for Congress in the Eleventh. Col. Mathews evidently saw the handwriting, stamped in "box-car" letters, since he has so prematurely quit the race. It was hoped that he would continue in the fight—and then see the wool fly.

OF INTEREST TO DEMOCRATS.

The National Democratic Congressional Campaign Committee has begun in active operations at its headquarters at Washington D. C. In addition to its regular work, it is now preparing a Campaign handbook which it hopes to have ready for distribution by July 1—two or three months earlier than heretofore.

The Committee is charged with the duty of assisting, in every way possible, the election of a Democratic Congress. We wish the active co-operation of every voter in the United States who believes with us, that the election of a Democratic Congress would greatly benefit the country. We must rely upon the people to sustain our work by giving information as to local conditions, and suggestions, for our guidance.

Each individual can at least aid by making a contribution. Will he not do so and interest others in helping us too?

We wish our Campaign handbook distributed as generally as possible, and we will furnish a copy as soon as published, to every one who contributes to our Committee. Send remittances to me at Washington, D. C.

JAMES T. LLOYD,
Chairman.

Keep Your Bowels Open

It is a noticeable fact, and one which any doctor will verify that people who suffer most often from disease are the ones who have the most difficulty in keeping their bowels open. Regular bowel action is half the battle of health.

People who have a tendency to constipation must of necessity use something to help nature along. This should not be a violent aid like salts or purgative but a gentle aid like Castoria.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable sugar-coated.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of HAIR VIGOR, AGUE CURE, CHERRY PECTORAL.

We have no secrets! We publish the formulas of all our medicines.

Judge L. W. Bethurum and A. H. Hamlin are in Middlesboro making a final settlement with the defunct Clairfield Lumber Co. Mr. Hamlin thought at one time he would be looser about \$5,000 but we are glad to know that he will get almost dollar for dollar what was due him.

In the examination for county certificates last week, the best grade was made by E. R. Gentry, whose general average was 95 10-11 and the second best grade was made by Miss Jalia Reynolds, whose general average was 94 1-11. Miss Eva Fish made third best with general average of 90 5 11.

Mr. J. A. Hopkins, living on the surveyed route of the East Tennessee Telephone Co., has refused to allow the company to set 14 poles on his property and a suit has been instituted by the company condemning the land for that purpose. This is the first case of this kind that has ever come up in the county.

Mrs. Lou Jones fell a few days since, receiving a very serious brake of one of the bones of a lower limb. She was to have been married the following day to Mr. Ed Smith and had stepped out in the yard to help her father catch a turkey for the wedding dinner, when she fell and received the serious injury.

We would like to see what kind of looking creature an editor would have to be, to be able to edit a newspaper, and print just the very thing to please every body every week. About the only privilege or real pleasure the ordinary country editor is able to claim as his own is to think as he believes to be right and then say what he thinks if he wants to say.

The books of the First National Bank of this place show that some 12 years ago Mr. George B. Cooper, our efficient and clever county clerk, deposited \$300 to the credit of H. W. Rice. The money has remained there since. Mr. Rice died at his home at Livingston six years ago but told neither his wife nor two sons about the amount he had deposited. He did business with the Lincoln County National Bank and it is supposed that Mr. Cooper made a mistake in the bank in which he was requested to place the money. Mr. Cooper has no recollection whatever about the transaction, but when told about the money remaining in the bank so long he naturally made inquiry about it. Mr. William Fields is a relative of Mrs. Rice and thinking it was her dead husband's money he had that lady come down and she called on the bank officials Saturday. She knew nothing of the money, but remembered that on one occasion she heard her husband say that he was disappointed that his bank account was not as large as he thought it was. Mrs. Rice will qualify as administratrix of her husband right away and will claim the money which very probably rightfully belongs to her. Had the money been loaned out at six per cent. it would have earned \$216 making the sum total \$516.—Interior Journal.

Mrs. Rice came here Monday accompanied by her son, Chas. H. Rice, and qualified as administratrix of her husband.

The practice of base-ball playing on Sunday, we can not indorse and to our young boys who compose the ball team and who are our best young men, we would suggest that they cut out Sunday ball. There is plenty of time during the week days for this sport and there are many who would prtrize the games if Sunday was cut out. As a rule the majority of the smaller towns disapprove of Sunday ball and when, "we are in Rome we must do as Rome does."

"The Merry Widow" play, by local talent will be given at the court house on Friday night, May 22nd proceeds to go for benefit of Christian church. Admission 25 and 35 cts. We are assured by those who have witnessed the several rehearsals, that every one who attends, will get full value for their money.

This money is to go for a most glorious purpose, and we trust that those who have given so much of their time and labor, may have no cause to feel that their efforts have been in vain in doing for a good cause. Remember the date and don't fail to attend.

LIVINGSTON

Mrs. W. T. Merrimae and child ren, of Paris, Ky., are spending a few days with her father and mother, Mr. and Mrs. George Pope. Mr. Pope, of whom we spoke last week as being very sick, is resting a little easier at present but is yet in a very critical condition.—Mr. and Mrs. Hugh Jessie and little daughter are visiting in Virginia this week. Dr. W. J. Childress left Monday for Chicago where he will attend the Medical Association and Lectures from four to six weeks. We regret, of course, to have the Doctor away for so long a time but we are glad to see him take so much interest in the advancement of himself in the medical profession, and it is very nice that we have two as congenial physicians as Doctors Childress and Webb so that when one wishes to be absent the other can and will keep up both of their work.

Dr. and Mrs. W. J. Childress were in Cincinnati the first of the week shopping. Mrs. Childress accompanied the Doctor that far on his way to Chicago.—Dr. Dean of Danville, is at the Eight Gables this week doing dental work. If you are needing such work now is the time to have it done as he will not remain long.—Remember the date for the ice cream and strawberry supper to be given at the store room of J. C. Calloway Saturday May 23 by the Y. P. C. E. S. Be sure and come and bring your friends with you and enjoy yourselves. Let us make this an evening of enjoyment and feasting and while so doing be helping in a good cause.—That Grim reaper, Death, visited our little city last Thursday and claimed the spirit of that good old lady, Mrs. Mahala Carson. She had reached that ripe old age of 81 years 9 months and 29 days. She had been married three times. Her first marriage was to Moses Cummins to which union seven children were born, five girls and two boys; the second marriage was to Milton Hicks and to that union three children were born two

boys and one girl. Her third and last marriage was to Joseph Carson and to this union there were born two children one boy and one girl. There are seven out of the thirteen yet living and who deeply mourn the loss of a dear and devoted mother.

Aunt "Haly" as she was familiarly known was also a sister to Old Uncle Ashly Owens who departed this life some years ago and Uncle Martin Owens who passed away only a short time ago and while she was almost 82 years of age she had always been in good health until some two months ago, when she received a severe fall from the porch of the Mullins hotel. To this is contributed the hastening of her taking away and now to those who are left behind to mourn her loss on earth it is a sweet consolation to know and feel that if we live upto the requirements of the supreme being we will all meet again not here on this earth of sin and sorrow but on that bright celestial shore where all is beauty and splendor. The remains were taken to Providence and gently laid beside her last husband to await the final resurrection.

Mrs. J. W. Chadwick of Middlesboro was visiting her brother O. T. Folly first of the week.

Messrs Jackson, Tiffin, Ketting and Jackson of Louisville are stopping at the Eight Gables for some days. They are surveying the route for the East Tenn. Telephone line through this district.—T. E. Kline of Middlesboro state agent for the Tribe of Redmen is organizing a tribe at this place. This is a

very strong organization and we hope he may be successful in his undertaking and we see no reason why he should not have success.

Miss Lula Bryant the 15 year old daughter of Mrs. Hurt died at her home here May 19th. Her remains were taken to Wildie for burial Wednesday. The pall bearers were composed of six of her young lady Sunday-school mates, Misses Sarah Alcorn, Lucy Woolf, Alice Burton, Pearl Owens, Lucy Dees and Ethel Smith and they deserve great credit for the becoming way in which they discharge their duties.

NOTICE:—Call at W. H. Baker's next week for bargains. A nice line of Queensware will go at cost. 42 piece dinner set \$4.98. A nice lot of odd pants and Men and Boys suits and hats at cost. RELIEF FROM RHEUMATIC PAINS.

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Rollan Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk. At other times it would be in my feet and hands so I was incapacitated for work. One night when I was in pain and lame from it my wife went to the drug store here and came with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Chas C. Davis.

COURIER-JOURNAL CUTS.

A SPECIAL RATE OF \$1.25 FOR THE CAMPAIGN AND ELECTION.

For the first time in its history, The Courier-Journal has made a special cut rate on its Daily for the campaign. The regular price is \$6 a year or \$3 for six months. For the campaign a rate of \$1.25 has been made, to apply to orders received during the months of June, July and August. After August 31 the regular rates will be in effect. Subscriptions received during these months at this rate will be entered on the Courier-Journal mailing list until December 1 next, when all will expire.

Send in your orders at once, through this paper. The earlier you get in the more papers you receive.

Henry Watterson has announced that the Courier-Journal will support the Democratic ticket from end to end, and he believes the ticket will win in November. The Louisville Times, edited by Col. W. B. Haldeman, has made the same rate, \$1.25, under the same conditions. The Times is the best Democratic afternoon paper printed anywhere.

A writer in the Philadelphia Press contents that gossip in the country papers is not nearly so prevalent as it is in the so called best social circles in the cities—nor it is so vicious. The unkind word, the slanderous word, the character-assassinating word, make up a deal of the small talk of people of small minds and corrupt natures.

CHAMBERLAIN'S COLIC, COLERA AND DIARRHOEA REMEDY.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by Chas. C. Davis.

PARDONING CRIMINALS.

There is more than a suspicion that a strong tendency exists not only in this state but elsewhere toward a looseness and leniency in the matter of pardoning criminals.

The maudlin sympathy expressed by women and by some men toward criminals or those accused of some heinous crime is usually considered as the manifestation of abnormal sentiment which verges on hysteria, but there is an illogical and mistaken leniency toward criminals suffering long terms of imprisonment, expressed by men usually of well-balanced minds.

A man who commits a cold-blooded murder and is sentenced to imprisonment for life, should not be pardoned. He may have a good record as a prisoner, he may have a good record as a prisoner, he may even have honestly and sincerely repented of his crime and it may be conceded, for the sake of argument, that he would no longer be a menace to the community if allowed to go at large, but the argument against his release is based upon grounds which are not affected by these facts.

The purpose of punishment for crime should never be for motives of revenge; it should be based upon two grounds, and two only, the prevention of subsequent criminals acts upon the part of the criminal himself and its deterrent effect upon others.

Now it does not show that this effect in the latter instance is seriously weakened when a practice is made of pardoning criminals and especially in the case of those serving a life sentence.

A man who commits cold-blooded murder, deliberately puts himself outside the pale of human sympathy; he should not be treated with cruelty or unkindness, but he should expire either by death or by life imprisonment, release from which should be hopeless, the results of his crime.

The strongest argument, in our mind, the only argument which can be regarded as even partially tenable, in favor of capital punishment exists in the fact that the frequent misuse of the pardoning power serves to minimize the dread of punishment on the part of the prospective criminal.

Fearing not immediate death even if discovered and convicted, and relying upon the probability of pardon, after a few years he takes chances which he would be disinclined to take if he knew that life imprisonment in name, meant life imprisonment in reality. The enactment of a law to the effect that men convicted of murder in the first degree should not be pardoned under any circumstances, would be futile, since subsequent legislatures would be able to appeal it, but if public sentiment was sufficiently aroused and expressed with unhesitating firmness and clearness, week kneed executives and careless legislative bodies would cease turning loose upon the community men who have been convicted of the crime which only God can forgive, and of weakening the influence upon the quasi criminal class, which is one of the chief purposes of punishment.

GOOD WORDS FOR CHAMBERLAIN'S COUGH REMEDY.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md. writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by Chas. C. Davis.

R. L. McFERRON, S. R. C. By JOHN ROBINS, D. S.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Chas C. Davis.
